ABOUT

I am Mohammad Aria Amini, a researcher, scientific author, and editor specializing in Earth Sciences. Alongside conducting research and authoring scientific books and publications, I work in scientific computing, data processing and analysis, and High-Performance Computing (HPC) for computationally intensive scientific workloads. I also have experience in software development, Linux systems, server administration, and computational infrastructure, with a strong interest in integrating geoscience with modern computing technologies.

INTERESTS

My research and professional interests lie at the intersection of Earth Sciences and emerging technologies. I am interested in various fields of geology, scientific writing and editing, the history of Earth Sciences, and the publication of scholarly works. I also have a strong interest in scientific computing, including computational methods for pure mathematics, molecular chemistry, and geoscience, as well as High-Performance Computing (HPC), scientific programming, and the application of computational approaches to solving research problems. In addition, I am interested in Artificial Intelligence (AI) and Machine Learning (ML) and their applications in geoscience and related disciplines, as well as Linux systems, server administration, and computational infrastructure. Furthermore, I use a range of specialized geoscience and geospatial software in research projects, including ArcGIS, QGIS, Petrel, ENVI, and ERDAS IMAGINE, along with other tools for Geographic Information Systems (GIS), Remote Sensing (RS), and geological modeling. I am continuously expanding my knowledge and expertise in these technologies and their scientific applications.

EDUCATION

B.Sc. in Geology

Golestan University, Faculty of Earth Sciences, Gorgan, Iran

2022 – 2026

- Ranked first among incoming undergraduate students, with a Grade A average
- Completed the program in seven semesters – one semester ahead of the standard curriculum
- Completed 6 of 7 terms at Shahid Beheshti University, Tehran

High School Diploma, Experimental Sciences
