

Mohammad Aria Amini

Geology Graduate

Tehran, Iran · mo.aria.am@gmail.com · [LinkedIn](#) · [amini-aria.github.io](#)

ABOUT

Geologist and researcher working across structural geology, geological mapping, and computational geoscience, and, in parallel, the founder of a software company building tools for the earth-science community.

INTERESTS

Engineering geology, structural geology, geological mapping, GIS and remote sensing, computational geoscience, scientific publishing, high-performance computing, geoheritage, and the history of earth sciences.

EDUCATION

B.Sc. in Geology Golestan University, Faculty of Earth Sciences, Gorgan, Iran - Graduated first in the undergraduate cohort - Completed the program in seven semesters, one semester ahead of the standard curriculum	2022 - 2026
High School Diploma, Experimental Sciences (Biology) Shahid Beheshti High School (NODET), Ahvaz, Iran	2014 - 2020

PROFESSIONAL EXPERIENCE

Chief Executive Officer (CEO) Varjavand Intelligent Creative Software Co.	Jul 2025 - Present
Director Aryan Zamin Publishing House	Apr 2026 - Present
Research Collaborator Shahid Beheshti University, Tehran, Iran	Feb 2025 - Present
Technical Manager, SARMAD High-Performance Computing (HPC) System Shahid Beheshti University, Tehran, Iran	Feb 2025 - Present
Geologist Pars Aryan Zamin Geological Research Institute	Feb 2023 - Present
Research & Development (R&D) Manager JAMSA, Knowledge-Based Company for Gemology Science and Art Development	Sep 2024 - Apr 2025

BOOKS

Co-author Ghorbani, M., & Amini, M. A. <i>The Historiography of Earth Science in Iran: Contemporary Pioneering Geologists and Their Legacy.</i>	2025
---	------

BOOK EDITORIAL EXPERIENCE

Scientific Editor Fathi, T. <i>Petroleum Contamination Hydrogeology: Geological, Environmental, Legal Aspects, and Models for the Remediation of Contaminated Groundwater.</i>	2026
Editor Momenzadeh, M. <i>The Mythical City of Zabol: The Burnt City.</i>	2025
Editor Salmati, R. <i>A Comprehensive Guide to Geological Mapping at Scales of 1:50,000 and Larger.</i>	2025

SKILLS & SOFTWARE

Programming: Python, JavaScript, PHP, C#, SQL
Web: HTML5, CSS3, Bootstrap, WordPress, Laravel
Geological software: ArcGIS, QGIS, RockWorks, Surfer
Other: Scientific editing, academic publishing, LaTeX, Git, Docker, high-performance computing

LANGUAGES

Persian	Native
English	Professional working proficiency

PROFESSIONAL MEMBERSHIPS

Secretary and Website Administrator Iranian Geological Society	Apr 2023 - Present
Member of the Organizing Committee Five National Geological Congresses of the Iranian Geological Society	

VOLUNTEER ACTIVITIES

Member, Iran Organ Donation Association
