ABOUT

I am Mohammad Aria Amini, a Bachelor's graduate in Geology and a researcher, writer, and scientific editor in the field of Earth sciences. I am interested in research, scientific writing and editing, and continuously developing my knowledge and professional skills in Earth sciences.

INTERESTS

My research and professional interests primarily lie in the field of Earth sciences, with a particular focus on geochemistry, petroleum geology, and topics related to subsurface resources. I am interested in studying various areas of geology, particularly geological and geochemical processes, rocks and minerals, petroleum systems, and the application of geological data to the understanding and assessment of subsurface resources. I am also interested in applying modern data processing, analytical methods, and computational technologies to Earth science research, and I continuously seek to expand my knowledge and skills in these areas.
